

SA001R OVERHEAD SAFETY REFRESHER SPECIFICATION

Introduction

This accreditation allows learners to refresh and re-test their knowledge, skills and understanding of dangers associated with overhead activities and the safety precautions required while working on ladders and wooden poles.

Purpose

Prepare for further learning or training and/or develop knowledge and/or skills in a subject area

Accreditation

Industry accreditation certificated by Smart Awards

Learning Outcomes

- Be able to work safely
- Be able to access a pole using a ladder
- Know relevant health and safety legislation and industry good practice
- Know how to access a pole using a ladder
- Know how to carry out pole checking
- Know how to work safely on joint user poles

Pre- requisite

This qualification is available to anyone over the age of 16 who is capable of reaching the required standard. There are no barriers that restrict access or progression thereby promoting equal opportunity. It is expected however that learners will have a level of literacy adequate to cope with the assessment.

Expectations at level 2

Achievement reflects ability to select and use relevant knowledge, ideas, skills and procedures to complete well-defined tasks and address straightforward problems. It includes taking responsibility for completing tasks and procedures and exercising autonomy and judgement subject to overall direction or guidance.

Grading

Pass
